

SCG - Smart Strip 7 Outlets Power Saving Surge Protector

SCG Series Surge Protector Specifications:

- Recessed, lighted power switch
- Pat. Pending Combined ground and surge protector status indicator
- Switched outlet indicator
- 6-Foot 14 gauge heavy-duty power cord
- 45 degree angled space saver plug
- Wall Mountable in all 4 directions
- 7 outlet total
 - 1 Control outlet – always hot
- 2 Constant hot outlets
- 4 Switched outlets – 1 transformer
- UL 1449 rating
- 120 Volt 50/60 Hz
- 1225 joules protection
 - 775 joules live to neutral
- 225 joules live to ground
- 225 joules neutral to ground
- 48,000 amps three-way Protection
 - 24,000 amps live to neutral
 - 12,000 amps live to ground
 - 12,000 amps neutral to ground
- 330 volt, three-way protection
- 15 amp circuit breaker
- 4 different fuses:
 - 2 Thermal & current fuses
- 2 Trace land fuses
- EMI/RFI filtering:
 - .1ufd film box capacitor
- Up to 40db line noise reduction

SCG Series Energy Saver Specifications:

- Ultra safe passive current sensor
- Patented protective hysteresis circuit
- 2 RC filters eliminate false switching
- Uses ZERO POWER when the switched outlets are off
- Uses less than 1 watt when fully energized
